

Delivery options

- Pick-up points
- In-store pick up (Access drugs has channel store in some cities)

Carrier transporters & directories

Tracking

We update clients on delivery status; carrier transporter that carries your goods, when schedule to move, what they carry, where they are etc.

Delivery cost

Delivery cost are subject to location, urgency, and fluctuating fuel prices. To reduce transportation costs per order and make it simple and predictable, we are encouraging you to consider these options

Carrier vehicles	Delivery location	Delivery time	Product scale (package size) or number of items	Uniform costing (pack of same sizes/identical)	Joint costs (you can join with another person)	Indivisible pricing
Truck freight		24 to 30 hrs. When order is placed before noon				
Bus (for urgent delivery)		Same day when order is placed before noon				

Transportation handling

We work with pharmacists that inspect transportation vehicles for compliance with carrier safety rules such as temperature control, cleaning, and insulation parameters to prevent any changes to drugs.

Safety & security

We prioritize safety and security, educating on road infrastructure issues, speeding and driver behavior. To enhance safe passage on the road, we do not accept or deliver counterfeit, contaminated or banned drugs. We collaborate for legal and security action against crooks and engage with the anti-bullying network for their support for transparency.
